

#10-3210

SRM401

FEATURES

- Modular Design
- Smart Sensor
- High Sensitivity

APPLICATIONS

- Sonar Ranging
- Distance Measurement
- Object Detection

TECHNICAL SPECIFICATIONS

Operating frequency	40kHz
Operation current	<30 mA @ DC9V
Operation voltage	DC6-12V single source
Oscillator frequency	Variable RC oscillator
Input signal	Open collector pull low
Output signal	.05 Vcc to 0.9 Vcc digital echo signals
Measuring distance	50-1500 cm
